

SAUCEDEMO - DETAILED TEST CASES

QA-TC-001 | Version 1.0 | Prepared by Nancy McKenzie | 42 Executable Manual Test Cases

Detailed cases mapped to the SauceDemo requirements and test-scenario baselines. Execution-specific fields remain Not Run / blank until actual testing is performed.

Test Case ID(s)	Module	Test Case Title	Preconditions	Test Data	Test Steps	Expected Result	Priority	Actual Result	Status	Defect ID	Environment
TC-001	Authentication	Login with valid standard user	User is on SauceDemo login page and not authenticated.	TD-001, TD-003	1. Enter standard_user in Username. 2. Enter secret_sauce in Password. 3. Click Login.	Login succeeds and Inventory page is displayed.	Critical		Not Run		Browser: Chrome 100, OS: Windows 10
TC-002	Authentication	Reject invalid username	User is on login page.	TD-004, TD-003	1. Enter invalid_user. 2. Enter secret_sauce. 3. Click Login.	Login is rejected and a clear error message is displayed.	Critical		Not Run		Browser: Chrome 100, OS: Windows 10
TC-003	Authentication	Reject invalid password	User is on login page.	TD-001, TD-005	1. Enter standard_user. 2. Enter wrong_password. 3. Click Login.	Login is rejected and an authentication error is displayed.	Critical		Not Run		Browser: Chrome 100, OS: Windows 10
TC-004	Authentication	Validate blank username	User is on login page.	TD-009, TD-003	1. Leave Username blank. 2. Enter secret_sauce. 3. Click Login.	Login does not proceed and required username validation is displayed.	Critical		Not Run		Browser: Chrome 100, OS: Windows 10
TC-005	Authentication	Validate blank password	User is on login page.	TD-001, TD-009	1. Enter standard_user. 2. Leave Password blank. 3. Click Login.	Login does not proceed and required password validation is displayed.	Critical		Not Run		Browser: Chrome 100, OS: Windows 10
TC-006	Authentication	Reject locked-out user	User is on login page.	TD-002, TD-003	1. Enter locked_out_user. 2. Enter secret_sauce. 3. Click Login.	User remains unauthenticated and locked-out error message is shown.	Critical		Not Run		Browser: Chrome 100, OS: Windows 10
TC-007, REQ-005	Inventory	Display inventory after valid login	User has valid credentials.	TD-001, TD-003	1. Log in successfully. 2. Observe Inventory page.	Inventory page loads and available product cards are visible.	Critical		Not Run		Browser: Chrome 100, OS: Windows 10
TC-008	Inventory	Validate product information on inventory	User is logged in on Inventory page.	N/A	1. Review each visible product card. 2. Verify product name, image, description, and price are present.	Each product displays readable identifying information and price.	High		Not Run		Browser: Chrome 100, OS: Windows 10
TC-009	Inventory	Sort products name A to Z	User is logged in on Inventory page.	N/A	1. Open sort dropdown. 2. Select Name (A to Z). 3. Review product order.	Products appear in ascending alphabetical order.	High		Not Run		Browser: Chrome 100, OS: Windows 10
TC-010	Inventory	Sort products name Z to A	User is logged in on Inventory page.	N/A	1. Open sort dropdown. 2. Select Name (Z to A). 3. Review product order.	Products appear in descending alphabetical order.	High		Not Run		Browser: Chrome 100, OS: Windows 10
TC-011	Inventory	Sort products price low to high	User is logged in on Inventory page.	N/A	1. Open sort dropdown. 2. Select Price (low to high). 3. Compare displayed prices.	Products are ordered from lowest to highest price.	High		Not Run		Browser: Chrome 100, OS: Windows 10
TC-012	Inventory	Sort products price high to low	User is logged in on Inventory page.	N/A	1. Open sort dropdown. 2. Select Price (high to low). 3. Compare displayed prices.	Products are ordered from highest to lowest price.	High		Not Run		Browser: Chrome 100, OS: Windows 10
TC-013	Product Details	Open product details from product name	User is logged in on Inventory page.	TD-010	1. Click Sauce Labs Backpack product name. 2. Observe detail page.	Correct product detail page opens with matching product information.	Medium		Not Run		Browser: Chrome 100, OS: Windows 10
TC-014	Product Details	Return from product details to inventory	User is on a product detail page.	TD-010	1. Click Back to products.	Inventory page is displayed again.	Medium		Not Run		Browser: Chrome 100, OS: Windows 10
TC-015	Cart	Add one product from inventory	User is logged in on Inventory page with empty cart.	TD-010	1. Locate Sauce Labs Backpack. 2. Click Add to cart.	Product is selected and cart badge shows 1.	Critical		Not Run		Browser: Chrome 100, OS: Windows 10
TC-016	Cart	Add product from detail page	User is logged in and viewing a product detail page with empty cart.	TD-010	1. Click Add to cart on the detail page.	Product is added and cart badge shows 1.	High		Not Run		Browser: Chrome 100, OS: Windows 10
TC-017, REQ-010	Cart	Add multiple products	User is logged in on Inventory page with empty cart.	TD-011	1. Add Sauce Labs Backpack. 2. Add Sauce Labs Bike Light. 3. Open cart.	Both selected products are present in the cart.	Critical		Not Run		Browser: Chrome 100, OS: Windows 10
TC-018, REQ-003	Cart	Validate cart badge after multiple additions	User is logged in with empty cart.	TD-011	1. Add first product. 2. Verify badge = 1. 3. Add second product. 4. Verify badge = 2.	Badge count accurately tracks the number of selected items.	High		Not Run		Browser: Chrome 100, OS: Windows 10
TC-019	Cart	Remove product from inventory selection	User has added one product from Inventory page.	TD-010	1. Click Remove for the selected product.	Product is deselected and cart badge updates accordingly.	Critical		Not Run		Browser: Chrome 100, OS: Windows 10
TC-020	Cart	Remove product from cart page	Cart contains at least one product.	TD-010	1. Open cart. 2. Click Remove for Sauce Labs Backpack.	Product is removed from cart and badge count updates.	Critical		Not Run		Browser: Chrome 100, OS: Windows 10

Requirement ID(s)	Module	Test Case Title	Preconditions	Test Data	Test Steps	Expected Result	Priority	Actual Result	Status	Defect ID	Environment
009, REQ-010	Cart	Validate cart state after removing one of multiple products	Cart contains two products.	TD-011	1. Open cart. 2. Remove one product. 3. Review remaining cart and badge.	Only the intended item is removed; remaining item stays and badge shows 1.	Critical		Not Run		Development
011	Cart	Continue shopping preserves cart	Cart contains at least one product.	TD-010	1. Open cart. 2. Click Continue Shopping. 3. Return to cart.	Inventory reopens and previously selected product remains in cart.	Medium		Not Run		Development
010	Cart	Validate cart item details	Cart contains selected product.	TD-010	1. Open cart. 2. Compare product name and price with Inventory selection.	Cart displays the correct selected product and matching price.	High		Not Run		Development
012	Checkout	Start checkout with item in cart	Cart contains at least one product.	TD-010	1. Open cart. 2. Click Checkout.	Checkout: Your Information page opens.	Critical		Not Run		Development
013	Checkout	Require first name	User is on Checkout: Your Information.	TD-009, TD-007, TD-008	1. Leave First Name blank. 2. Enter Last Name. 3. Enter Postal Code. 4. Click Continue.	Checkout does not advance and first-name required error is displayed.	Critical		Not Run		Development
013	Checkout	Require last name	User is on Checkout: Your Information.	TD-006, TD-009, TD-008	1. Enter First Name. 2. Leave Last Name blank. 3. Enter Postal Code. 4. Click Continue.	Checkout does not advance and last-name required error is displayed.	Critical		Not Run		Development
013	Checkout	Require postal code	User is on Checkout: Your Information.	TD-006, TD-007, TD-009	1. Enter First Name. 2. Enter Last Name. 3. Leave Postal Code blank. 4. Click Continue.	Checkout does not advance and postal-code required error is displayed.	Critical		Not Run		Development
013, REQ-014	Checkout	Continue checkout with valid customer information	User is on Checkout: Your Information with cart item(s).	TD-006, TD-007, TD-008	1. Enter Nancy. 2. Enter McKenzie. 3. Enter 20710. 4. Click Continue.	Checkout Overview page opens and cart items are retained.	Critical		Not Run		Development
014	Checkout	Validate order overview product details	User reached Checkout Overview with one or more items.	TD-010	1. Review product name, quantity, and price on Overview.	Overview accurately reflects selected cart item details.	Critical		Not Run		Development
015	Checkout	Validate order subtotal	User is on Checkout Overview.	TD-010	1. Note item price(s). 2. Compare sum of item prices with displayed Item total.	Displayed item subtotal equals the sum of selected item prices.	Critical		Not Run		Development
015	Checkout	Validate tax and total consistency	User is on Checkout Overview.	N/A	1. Note Item total. 2. Note Tax. 3. Add Item total + Tax. 4. Compare with Total.	Displayed Total equals Item total plus Tax.	Critical		Not Run		Development
016	Order Completion	Complete a valid single-item order	User is on Checkout Overview with valid single-item order.	TD-010	1. Click Finish.	Order completes and success confirmation is displayed.	Critical		Not Run		Development
016	Order Completion	Complete a valid multi-item order	User is on Checkout Overview with valid multi-item order.	TD-011	1. Click Finish.	Order completes successfully and confirmation is displayed.	Critical		Not Run		Development
016	Order Completion	Return to inventory after order completion	User is on Checkout Complete page.	N/A	1. Click Back Home.	Inventory page opens successfully.	Medium		Not Run		Development
017	Navigation	Open and close application menu	User is authenticated.	N/A	1. Open menu. 2. Verify options display. 3. Close menu.	Menu opens and closes without corrupting page state.	High		Not Run		Development
017	Navigation	Use All Items menu action	User is authenticated and not necessarily on Inventory page.	N/A	1. Open menu. 2. Select All Items.	Inventory page is displayed.	High		Not Run		Development
017	Navigation	Use Reset App State	User is authenticated and cart contains product(s).	TD-010	1. Open menu. 2. Select Reset App State. 3. Observe cart state.	Application state is reset according to demo behavior and shopping state is cleared.	High		Not Run		Development
018, NFR-008	Session	Logout authenticated user	User is authenticated.	N/A	1. Open menu. 2. Click Logout.	User returns to login page and authenticated session ends.	High		Not Run		Development
018, NFR-006	Session	Verify normal authenticated navigation is unavailable after logout	User has just logged out.	N/A	1. Confirm login page is displayed. 2. Use normal UI navigation attempts without re-authenticating.	Inventory is not accessible through normal UI flow until valid login occurs.	High		Not Run		Development
001, NFR-003	Usability & UI	Validate clarity of login and checkout validation messages	User can trigger invalid login and missing checkout field errors.	TD-004, TD-009	1. Trigger invalid login. 2. Review message. 3. Trigger missing checkout field validation. 4. Review message.	Messages are visible, readable, and indicate the problem clearly enough for corrective action.	High		Not Run		Development
004	Usability & UI	Validate readability and association of product information	User is authenticated on Inventory page.	N/A	1. Review product names, descriptions, images, and prices. 2. Open a detail page and compare.	Product information is readable and consistently associated with the correct item.	High		Not Run		Development

Requirement ID(s)	Module	Test Case Title	Preconditions	Test Data	Test Steps	Expected Result	Priority	Actual Result	Status	Defect ID	Executed
001, REQ-004, REQ-008, REQ-012, REQ-013, REQ-014, REQ-015, REQ-016, REQ-017, NFR-002, NFR-006	End-to-End	Execute complete standard purchase journey	Application is available; standard_user can authenticate; cart begins empty.	TD-001, TD-003, TD-010, TD-006, TD-007, TD-008	1. Log in with standard_user. 2. Add Sauce Labs Backpack. 3. Open cart. 4. Start checkout. 5. Enter valid customer information. 6. Continue to Overview. 7. Verify item and totals. 8. Click Finish.	User completes the full purchase path with consistent cart state, valid checkout data, accurate overview, and successful confirmation.	Critical		Not Run
